DAY 1 – Business Discovery Session

In order to help and support your business growth going forwards our associates carry out an in depth review of your current business with you to really get under the skin of it all. This session is all centred around understanding your aspirations for the business and is split into 3 Q&A sessions covering the following:

AM

- Business Goals
- Pain Points
- Priority Focus Areas
- High Level Goals
- Strategic Goals

PM

- Milestones & Actions
- Monthly Business review
- Systems & Workflow

DAY 2 – Business Discovery Session continued

The second day continues to focus on getting a deep understanding of your business and looks at the people aspect of things mainly the below areas.

AM

- Employee Engagement
- Performance Culture

PM

In this session we go away and take all of our learnings from the last 1.5 days and use the MAUS software to help develop a detailed strategic plan for your business including the completion of a 90 Day Hot issues action plan that is based on the pain points and other key issues identified in the previous sessions.

DAY 2.5 – Report & Presentation Playback Session

DELIVERY

In the final session we spend a significant amount of the time reviewing the action plans and agreeing next steps.

We also provide a high level presentation along with a detailed and thorough report to help drive your business strategy.
